We are pleased to present the 2023 Missouri ACC Annual Update in Cardiovascular Diseases LIVE on November 4, 2023 in Columbia, MO. This meeting will showcase the wide breadth of cardiovascular medicine that is present throughout Missouri.

We will begin the day with an ACC Update from ACC Board of Trustees Member Sandra Lewis, M.D., FACC. Our keynote speaker ACC Past Board of Governor's Chair, Malissa Wood, M.D., FACC, will discuss *Eliminating Disparities in Cardiovascular Health*, followed by a special focus presentation focusing on working being done in Missouri regarding the *Effectiveness of our Healthcare System in Caring for Vulnerable Populations* with Kenton Johnson, Ph.D., MPH.

Our morning session will feature *What is New with the Aortic Disease Atrial Fibrillation and, Hypertrophic Cardiomyopathy Guidelines?* We will round out the morning with a Debate Session on TAVR or SAVR for Low Risk Aortic Stenosis Patients.

The lunch will feature a spirited Fellows In Training Jeopardy Session with participants from training programs from across the state. In addition, Fellows in Training will participate in a Poster Competition.

The afternoon will feature four breakout session focused on a variety of topics including Cardio Obstetrics, Updates in Structural and Interventional Cardiology, Cardio-Oncology, and Heart Failure Therapy.

GENERAL INFORMATION

STATEMENT OF NEED

Health care in the 21st century is coming to embrace advanced technologies in an effort to shift toward more individualized, patient centered and value based approaches that will focus on quality improvement and outcomes measurements. Consequently, it is essential that cardiovascular clinicians not only understand disease and wellness states, but be able to competently and appropriately implement new diagnostic and therapeutic modalities.

OVERALL GOAL

The overall goal of this program is to help the cardiovascular clinician improve patient care and outcomes measurements. Specifically, we anticipate that cardiovascular clinicians will be able to identify knowledge and practice gaps and that the knowledge gained will result in improved clinical expertise and patient care.

TARGET AUDIENCE

This course is designed for Cardiologists, CV Surgeons, Pharmacists, Cardiovascular Physician Trainees, Internists, Primary Care Physicians, Physician Assistants, Nurse Practitioners, and other health care providers.

EXHIBITOR

ACKNOWLEDGMENT

At the time of printing, a complete listing of industry supporters was not available. Appropriate acknowledgment will be made upon confirmation of support at the time of the course.

ACCREDITATION

In support of improving patient care, the American College of Cardiology Foundation (ACCF) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) Program.

Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

The ACCF designates this live educational activity for a maximum of 5 AMA PRA Category I Credit(s)™, 5 ABIM Medical Knowledge MOC Points (MOC), 5 Clinical Nursing Education Contact Hours (CNE), 5 Pharmacotherapeutic Nursing Contact Hours (CNERx), and 5 Contact Hours of the Accreditation Council for Pharmacy Education (CPE).

Physicians, nurses and pharmacists should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE INFORMATION

As a provider jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity, and scientific rigor in all of their directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 24 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion or that the product is still investigational.

ACCF is committed to providing its learners with high-quality activities and materials that promote improvements and quality in health care and not a specific proprietary business or commercial interest. The intent of this disclosure is not to prevent participation in educational activities by persons with a financial or other relationship, but rather to provide learners with information on which they can make their own determination whether financial interests or relationships may influence the education activity.

ACCF assesses conflicts of interest (COI) with its faculty, planners, managers, staff, and other individuals who are in a position to control the content of certified activities. All relevant potential conflicts of interest that are identified are thoroughly vetted by course directors, ACCF education staff, and members of the Accreditation Compliance Workgroup (ACWG) through a process that includes appropriate peer review for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

LEARNING OBJECTIVES:

- Discuss the role of innovation and the impact on quality cardiovascular patient care.
- Be familiar with current guidelines used in the diagnosis and management of aortic disease, atrial fibrillation and hypertrophic cardiomyopathy.
- Discuss factors in selecting and using medications effectively in cardiovascular patients.
- Be able to identify and discuss a variety of patient care strategies, including pharmacologic, in the management of patients with various disease states and conditions.
